

AUTO-TRAIL LAUNCH (CLUB MEMBERS ONLY)

On the weekend of 16th–18th September we will have the all new Auto-Trail and Tribute 2017 model motorhomes on display in our vast showroom.

Not only will our club members be able to view the latest models, they are also invited to our complimentary evening entertainment which sees comedian Billy Pearce take to the stage on the Friday night and a motown performance from Roy G Hemmings and the Love Supremes on the Saturday night.

Spaces for the evening activities are filling up fast, if you're a club member (i.e. you purchased a motorhome from Brownhills which you still own) and you'd like to attend, **please either call our dedicated event booking line on 01636 670567 or click here to book online.**

Non-members are very welcome on-site over the weekend, during our usual opening hours, to view the brand new ranges – Brownhills will be the first dealership to have these on display so see them here first! The motorhomes will be on display from 8:30am on Friday 16th – 5pm on Sunday 18th September.

MEET THE BISTRO TEAM

This month we'd like to introduce you to our Bistro team, headed up by Debra Randall. Alongside Debra are Sarah Willatt, Yvonne Johnson and Josie McGarrigle.

The Bistro do a sterling job of ensuring they have breakfast, hot and cold lunches and afternoon tea available for however many people visit them on any particular day and of course they also serve their popular Sunday carvery.

Those who have attended our club member event weekends will probably already be aware that the Bistro team cater for over 450 people per night, whilst still maintaining the usual daily food and drink service! On top of this, the Bistro team also cook and serve around 1,500 complimentary Christmas lunches to our club members during December.

ON-SITE IMPROVEMENTS

The new Elsan disposal building is now complete and ready for use on our overnight area.

Our new washroom for people with disabilities is also fully built and fitted and located in the corner of the overnight area, accessible via the ramp to the side of the Elsan point. This washroom is designed to be used by customers who require assistance when showering and to limit the usage of this, thereby ensuring it's always available to those who require it, this unit will remain locked at all times. Keys will be held by Reception during opening hours or Security out of hours and will be loaned out to customers who present their Blue Badges in return for a £5 deposit which will be held until the key is returned at the end of the stay.

BOOK YOUR STAY

MOTORHOMESHOP WEBSITE

Our new, improved and fully mobile responsive Accessory Shop website was launched on 12th July.

We're extremely pleased with the look and feel of this new website. The menu options have been simplified for ease of use around the site. Our latest savings are clearly visible on the home page for those who like to keep an eye out for bargains.

ADRIA AWARD

We were extremely proud to be awarded Adria's UK Dealer of the Year at the dealer event in July, following the first year of the partnership between our companies.

For us to become Adria's biggest selling UK dealer so quickly shows how well their product was received by both our staff and our customers and having seen the 2017 model year line-up we've already placed orders for even more Adria motorhomes for the year ahead than the last year.

WORKSHOP TECHNICIAN TRAINING ACADEMY

At Brownhills we are committed to training and the Government's initiative on apprentices, recruiting two apprentice motorhome technicians each year.

To supplement the offsite training carried out by our partner EMTEC who teach motorhome skills leading to formal industry qualifications, we have now set up a dedicated onsite training facility and appointed a full time training manager.

As well as enabling us to better train our current crop of apprentices, it enables us to take on additional trainees who have some of the core skills required to become a motorhome technician, but need at least a year of formal training before they become qualified.

We are making this investment as we recognise that motorhome ownership is booming and to keep up with the demand for servicing and repair work, especially during the peak March to September period, additional skilled technicians are needed.

Explore 100s of new & used Motorhomes only at Brownhills – just off the A1 Newark.
