2019 MODEL LAUNCH WEEKEND

September saw the first of the 2019 model year motorhomes arriving and also our launch weekend, which was held from 14th – 16th September.

Our launch weekend saw the unveiling of the all-new Swift Kon-tiki, which has been completely redesigned for the new season. Five of you were so impressed that you placed immediate orders for these.

We also had a wide range of Auto-Trail 2019 motorhomes which included several brand-new models; the Tribute 736 G, V-Line 634 SE, Tracker EB, and the Comanche and Delaware HB models, which with their raised beds over large rear garages, have proven extremely popular from orders placed and early feedback.

As well as the chance to view the brand new 2019 season models, our club members were also treated to two evenings of food and entertainment. The Three Degrees, along with their band, took to the stage on Friday night following a pie and pea supper and impressed the audience with their soulful voices and beautiful gowns. Christopher Gee joined us on Saturday night to perform his first class impressions of some of our best loved TV characters and well known celebrities. The highlight of the weekend though was Showaddywaddy who wowed the audience with their fantastic songs. The dance floor was packed and those who weren't dancing were clapping, waving their arms and singing along from their seats. It was a truly memorable performance.

Thank you to all our members who were able to join us for the weekend, we hope you enjoyed it as much as we did!
