

# BREAKING NEWS 705% VED INCREASE REVERSED

## NATIONAL CARAVAN COUNCIL WINS BATTLE FOR FAIR MOTORHOMER TAX

Following Wednesday's budget, the cost of registering a new motorhome has significantly reduced. The cost of first registration Vehicle Excise Duty (VED) on motorhomes with the new Euro 6D/2 engine had increased to £1,280 or £1,815 (depending on the engine variant) from 1st September 2019 and was set to increase further to £2,135 from 1st April 2020. Following a campaign by the National Caravan Council, the Government advised that the cost of Motorhome VED on models with a payload up to 3,500kgs would reduce to **£265 from 12th-31st March 2020** and there would be an inflationary rise to **£270 from 1st April 2020**. For models with a payload in excess of 3,500kgs the VED will be £165

For those customers who have bought from us but haven't yet taken delivery, your final invoice will be amended accordingly to pass the saving on to you. For anyone thinking about buying a new motorhome we have reduced all prices on our website to reflect the new VED rates.
